

Electronic Countermeasures to I.E.Ds

Inexpensive freely available devices like cellphones, garage door openers, remote control toy consuls, can be used to devastating effect against Government and NGO personnel and Vehicles.

Plus surplus explosives and Artillery shells can easily result in catastrophic results which can be managed using RCIED Jammers.

These models and more can be used to protect troops and vehicles from this type of catastrophe

Model GPAV	
Frequency Band	20 - 2600 MHz
Power Output	62 watts
Jamming Radius (average)	70 metres
Weight	14kgs
Power supply	12vDC
Operational Time	12 hours
Operational Temp	minus 20 to +55C
vDC Chargeable from Vehicle	Yes
Jamming Effect ON/OFF	Immediate
Best suited for ANY SUV like Toyota Land Cruiser	

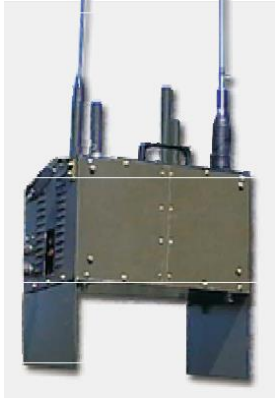

Model GAV8	
Frequency Band	20 - 2600 MHz
Power Output	70 watts
Jamming Radius (average)	70 metres
Weight	27kgs
Power supply	12vDC
Operational Time	12 hours
Operational Temp	minus 20 to +55C
vDC Chargeable from Vehicle	Yes
Jamming Effect ON/OFF	Immediate
Best suited for VIP vehicles like Mercedes Benz	
	

Model GPSL Portable	
Frequency Band	500 - 2000 MHz
Power Output	12 watts
Jamming Radius (average)	40-50 metres
Weight	11kgs
Power supply	12vDC
Operational Time	1 hour
Operational Temp	minus 20 to +55C
vDC Chargeable from Vehicle	Yes
Jamming Effect ON/OFF	Immediate
For RCIED devices based upon GSM900 / CDMA AMPS/DAMPS / GSM1800 / GSM1900 cellular phones and DECT wireless phones .No external aerials visible , and includes AC/DC charger unit	
Suitable for VIP Protection and Protection of Engineers disarming Explosive devices discovered	
	
Available in Backpack for Army Engineers	

Model PELENA #7	
Frequency Band	1000 - 2000 MHz
Power Output	80 watts
Jamming Radius (average)	50 - 70 metres
Weight	23kgs
Power supply	12vDC
Operational Time	8 hours
Operational Temp	minus 20 to +55C
vDC Chargeable from Vehicle	Yes
Jamming Effect ON/OFF	Immediate

Best Suited for APC or Hummer like vehicles

PRISON AND GOVERNMENT BUILDINGS PROTECTION

Model G30ST BASE UNIT	
Frequency Band	860 - 1950 MHz
Power Outpt	20 watts
Jamming Radius (average)	up to 100 metres
Weight	20kgs
Power supply	220vAC
Operational Time	not limited
Operational Temp	minus 20 to +55C
Jamming Effect ON/OFF	Immediate
For RCIED devices based upon GSM900 / AMPS GSM1800 / DAMPS and CDMA 800 network	

Suitable to prevent Prisoners from using Cellphones in Prison and protect Government Buildings
