

# Operational Boats

## BK-10

### High Speed Assault Craft

Missions: Operating close to shore carrying armed troops landing them on wild shoreline, or giving fire support for landing force, for use on anti-piracy and anti-terrorism operations as well as medical evacuations and coast guard duties.

#### Tactical and Technical specifications

Maximum length, m	10.48
Maximum beam, m	3.7
Height at DWL, m	2.8
Load draught (LCC), m	0.6
Load displacement (LDC), t	6.6
Minimum operation condition mass (MOC), t	3.7
Maximum speed (MOC condition), knot	40
Cruising speed (SD condition), knot	22
Crew	2
Special personnel	10
Cruising range, nm	400
Engine power, hp	2 x 300
Sea endurance, days	1
Overall height with folded mast, m	2.0
Hull material	aluminium-magnesium alloys

# BK-18

## High speed Multipurpose Powerboat

Missions: Operating close to shore carrying armed troops landing them on wild shoreline, or giving fire support for landing force, for use on anti-piracy and anti-terrorism operations as well as medical evacuations and coast guard duties.

### Tactical and Technical specifications

Maximum length, m	18.6
Maximum beam, m	4.55
Height at DWL, m	4.5
Load draught (LCC), m	0.8
Load displacement (LDC), t	0.25
Minimum operation condition mass (MOC), t	0.19
Maximum speed (MOC condition), knot	40
Cruising speed (SD condition), knot	26
Crew	3
Special personnel	19
Cruising range, nm	400
Engine power, hp	2 x 1300
Sea endurance, days	2
Overall height with folded mast, m	4.9
Hull material	aluminium-magnesium alloys

# BK-16

## High speed Troop Powerboat

Missions: Operating close to shore carrying armed troops landing them on wild shoreline, or giving fire support for landing force, for use on anti-piracy and anti-terrorism operations as well as medical evacuations and coast guard duties.

### Tactical and Technical specifications

Maximum length, m	16.45
Maximum beam, m	4.0
Height at DWL, m	4.33
Load draught (LCC), m	0.87
Load displacement (LDC), t	19.5
Minimum operation condition mass (MOC), t	13.0
Maximum speed (MOC condition), knot	42
Cruising speed (SD condition), knot	30
Crew	2
Special personnel	19
Cruising range, nm	400
Engine power, hp	2 x 780
Sea endurance, days	1
Overall height with folded mast, m	3.9
Hull material	aluminium-magnesium alloys
